

## **Baymonte PTF Meeting - Oct. 11, 2022**

- **Welcome - Opening Prayer**
- **Treasurer's Report - Maggie**
  - Bank balance \$34,371.13
  - Expenditures
    - \$1,100 for ice cream social
    - \$680 for drive for school prizes
  - Income:
    - \$367 deposit for the Round Table dine out fundraiser.
    - "Way to go," Maggie says. "That's a whole teacher grant, so good job."
- **Drive for Schools Update - Katie**
  - We are currently at \$12,500, our goal is \$20,000
  - We decided to ext. deadline to this Friday
  - About \$7,500 left to hit our goal
  - Hopefully having more on social media and email will help
  - About 98 students have sold tickets as of last Friday, of the 400+ packets
- **Dine Out Schedule - Katie SAVE THE DATE - Togos 10/20**
  - Round Table we did \$367 from them. Jack the owner, reports it was a good night for them
  - Next up: Thursday, at Togos! 10/20 is the date for that. Greg the owner is doing the full day, 10 am, to 9 pm.
    - Be sure to bring in the flyer or just say "Baymonte"
    - Leo the Lion, Baymonte's mascot, may make an appearance for an hour!
    - The giant inflatable sandwich may be there, too!
    - Malone's Nov. 16.
      - Malone's is under new ownership
      - They feel very excited about it.
    - Went into Cali Style, a fixture of the local retail scene, and had a conversation with the owner
      - He wants to do a Baymonte day!
      - So instead of a dine-out night we could do a shopping day.
      - Maggie - Maybe we could do it before Christmas for gift-givers
        - Katie: I can't imagine he would say no!
      - Or end of November might be better, or Thanksgiving week
      - Katie will talk to him and ask him for ideas
      - I thought it would be nice to have an alternative, food rather than merchandise, Katie says
    - Also looking into an ice cream fundraiser
- **Auction Update - Pam**
  - Planning meetings are underway
  - Put your feelers out to see if anyone is interested in helping
    - Looking for help with procurement, decor, and promotional days!
    - Looking at potentially launching ticket says online
  - Got some new entertainment this year
  - Look for a save the date announcement and an announcement of when tickets will go on sale
  - Pam is always looking to bring more people into the effort, so spread the word!
    - "We are looking for people," Maggie says.
    - Maggie, the treasurer of the little league, a Baymonte parent, has volunteered to pitch in (fantastic news!)
      - "Data entry is my jam," she says.
      - "That help is huge for me!" Pam says.
- **PTF Christmas Staff Breakfast - 12/9 - Volunteers Needed**
  - We did a grab and go the first year we held, with COVID, Monica says, and a last year we did it in the youth center

- Do we want to put together a committee to put ideas together for this year, opening up the floor to input on the menu, catering options
  - We want to be particularly sensitive to everyone's dietary needs, attendees agreed
  - Pam: what if we had eggs, bacon, tortilla, sides and people can build their own, Maggie says.
  - That would be easy to customize for people what they want, another parent remarked!
  - In the past it's been potluck style, so different ways to do this, also
  - Pam noted, though, that can generate a lot of leftovers, which can be a challenge to manage, hence the decision to shift to catering
  - Maggie: At work we just started using a new caterer called Summit Lady Food, and the food is "beautiful, organic, and healthy." Highlights included a mocha coffee smoothie.
  - Anything you do would be great, so please know that, PE instructor
  - Ideas welcome. "We love ideas, anything you like or enjoy," Monica says.
  - House of Bagels also gets a mention
  - I love the yogurt, granola, and fruit, Ms. Fernald reports.
  - When you guys did the breakfast burritos one year, those were really good, another instructor says.
  - We always need help in the morning, so volunteers to help setup and clean up are welcome, Monica says.
  - And it would be nice to have something like breakfast burritos that could be taken to the pre-school teachers, Monica says
- **Principal Update - Miss Hoffman**
  - Bids to get AC for elbow building received. Total including electrical work and mini-split installation would be about \$90k in all, and would be a major campus improvement.
  - Deferred until Spring, but if it looks like we're going to have a heat wave could move that up
  - Maggie offers some background on the year's major fund raising efforts and how these could align with campus needs.
    - Ticket sales cover the event
    - Silent/live auctions and sponsorships go to the beautification fund
    - The fund a need, is something we put up, where people do the power raise, and that was the playground last year. Last year got \$105k for the playground and \$110 for beautification.
      - The playground is such a wow factor, and motivates parents to raise the paddle
    - So still ironing out what's fund a need, and how all these fundraising efforts will align with various projects.
    - Fund a need is ideally something visual. One possibility, a cool new lab or making space.
  - Miss Hoffman: A maker space could be a multi-year effort, with multiple phases
    - Would be complex, since touches on water, power, and sewer
    - Might also want to put together a spot for computer work / robotics
    - All this in the early phases of planning
  - Also, we haven't forgotten our pre-schools, still not air conditioned, but doesn't get quite as hot
  - Our eighth graders will be fund raising for their trip, might make sense to do that around Christmas shopping season.
    - Would take place on campus
    - Modeled on last year's Valentine's Night, organized by Ms. Fernald
    - Maybe could be coordinated with the Malone's dine-out night
    - Further discussion on coordinating babysitting fundraiser with various events
    - Parents also offered perspective on how much could be charged
      - Could be a flat fee, with add-ons per sibling
      - Ms. Fernald mentioned that a carwash could be an option, too, with a flat fee and a charge
      - Various activities for kids at the babysitting event discussed, including food and craft-oriented themes
      - If you have ideas, send them my way, Monica says

- **Old/New Business**
  - Volleyball needs new uniforms, Maggie reports.
    - School is going on their fourth year with the gear. "We are at a point where volleyball needs new uniforms," Maggie says. Maggie asked permission from the PTF to order new uniforms.
    - Motion made and seconded to begin the process of ordering new uniforms.
    - Motion passed.
- **Next Meeting - Nov. 8th**
