**Principal's Update**

End-of-Year stuff: 8th grade graduation will be at Regeneration Grove

New law requirement: LiveScan for adults on overnight trips with students. Baymonte is paying for chaperone LiveScans at \$40/person. Years ago, someone investigated the cost of setting up a LiveScan machine in Baymonte's office. Approximately \$3000 for machine and training. Might be worth looking into as we'll be doing LiveScans every year as new parents/guardians come in with new students?

### **PTF Officers**

Pam will be retiring out of Baymonte this year, looking for 4 new officers. We should list out specific roles and responsibilities. Vote in May.

There may be a bylaw that a person can only have an officer role for 4 years - confirm that is the case and should we revisit?

Next meeting is April 8, put out descriptions for officers needed.
